

ISPN

Advancing global nursing standards

What is ISPN?

The **International Standards for Professional Nurses (ISPN)** program was created specifically to meet the shared vision of one examination serving a dual purpose:

- Local use for standards-setting and nursing education improvement
- Support for migration and career mobility

This program is a testament to the shared vision of two distinguished organizations on two different continents committed to promoting global health.

International Test Center (ITC)

The organization that has introduced international standards in English assessment to Indonesia and is committed to expanding its services to the healthcare sectors in Indonesia.

CGFNS International

The nonprofit international organization that has been serving nurses and health professionals seeking worldwide career mobility for over 45 years.

International Test Center (ITC)

Plaza Sentral 17th Floor, Jl. Jend. Sudirman Kav. 47, Jakarta 12930, Indonesia

Who can participate

First-level general nurses who have graduated from government-approved nursing schools are eligible.

Benefits for schools

Educators and policymakers will be able to use objective information on exam outcomes to evaluate the nursing curriculum and to improve the way nurses are prepared.

Benefits to nursing graduates

- Nurses will be able to validate their education by benchmarking what they have been taught against international standards.
- Nurses will be able to demonstrate what they have learned by having their applied knowledge and skills measured against international norms.

How it works

It consists of two components:

1. Credentials evaluation
2. **CGFNS Qualifying Exam:** An internet-based exam to test nursing knowledge and application. It can satisfy the nursing examination requirement for the CGFNS *VisaScreen*® service.

CGFNS has entrusted ITC with local exam administration.

REGISTER NOW !

Registration Period

Registration is open until October, 17 2024

Test Day and Venue

November, 9 2024 at Plaza Sentral 15th Floor,
Jl. Jendral Sudirman Kav. 47, Jakarta
